

TENSIONED HORIZON ELECTROL®

Optimum Viewing of Multiple Video Image Formats

- Excellent for video projection applications.
- Same great features as our Horizon Electrol® screen except screen is tensioned for an extra flat surface for optimum image quality when using video or data projection.
- Tab guide cable system maintains even lateral tension to hold surface flat while custom slat bar with added weight maintains vertical tension.
- Unique “step-back” masking design eliminates shadow.
- Native Video format with masking to HDTV, Letterbox and Cinemascope formats.
- Silent motor option available. See page 16.

All fabrics will be seamless.

For optional remote control operation, see options on pages 50-54.
